THIS IS AN INVESTIGATORS' FILM

# We don't follow the man who got caught. We follow the people who caught him.

*Three investigators. One machine. Nobody listening.*

# \$54 Billion Wagered. Zero Government ID Required.

## THE COST

# 3,468 killed in Iran.

A school in Minab. More than 100 children. The Pentagon said it was a command center. It offered no evidence.

## THIS IS NOT A FILM ABOUT SPORTS GAMBLING.

Addiction is the front door, not the building.

The film follows three people who can see a machine that most people don't know exists, and are trying to make anyone act before the window closes.

## THE CONGO PARALLEL

In 2021, PPLAAF and Mediapart published the Congo Hold-Up: president's family, captured central bank, anonymous conduits. The same organization that broke that story identified the same structure operating in the United States, 2024 to 2026. Same structure. Different suit.

FORMAT

# A Limited Series.

## 4 Episodes.

**01**

### **The Addiction**

The front door. Sports betting, the machine's fuel supply, and the airman who got caught.

**02**

### **The Machine**

The platform, the wallets, the fifteen-minute gap. How it works, in real time.

**03**

### **The Owners**

Founders Fund. Trump Jr. \$9 billion valuation. The regulator is their former client.

**04**

### **The Reckoning**

The trial starts December 7, 2026. The crime has no name. The DOJ is improvising.

Feature documentary option also available: 75 to 85 minutes, theatrically structured, festival-ready.

# The cinematography is the argument.

*"The DP chooses what the audience gets to see.  
It's not a technical job, it's a moral one."*
